Dear Madam:-

Your letter of recent date relative to Miss Ester Hasson has been received and in reply I am pleased to inform you that Miss Hasson satisfactorily filled the position of Superintendent of the Navy Nurse Corps from 1908 to 1911.

The mental, moral and professional qualifications necessary for appointment to that position were of a high standard and I have no reason to believe these qualifications have deteriorated.

Yours very truly,

Surgeon General, U.S.N.

My dear Miss Hasson:

Your letter, of April 7th, is before me and I am so glad to hear from you again.

Miss DeCeu writes glowing accounts of the trip she had with you and makes me quite envious of the opportunity of seeing such lovely country and flowers.

After I come back from the Detroit convention I will take up the matter of the pictures. At present we are pretty busy. I am glad your present duties are pleasant and that you seem so happy.

With kindest regards from the office force and best wishes for a happy Easter,

My dear Miss Hasson:

You remember sometime ago we had some correspondence concerning a picture of yourself for the office. Today I took the group picture of the first twenty nurses to Bachrach's studio and they tell me it will be possible to reproduce your picture satisfactorily. The cheapest they will do the work is \$25.00. This gives a good finish and a size of about 8x11". I have no idea what the framing would cost.

I left the picture on file at the above named studio, stating that I would write you immediately and let them know as soon as possible your wishes.

Hoping that you are quite well and happy,

Very sincerely yours,

As my hands have been very full

Dear Miss Bowman,

I have recently had
a most delightful week-end visit
from Miss De Leon, who recalled
to my mind a promise made
to you in regard to my photographs
in your office in the Bureau.
I am indeed ashamed to think
that thus far I have taken no
steps towards complying with
your request—but I really am
excusable in this instance

he settled satisfactorily in the end but
it will take time. In the meanwhile I
cannot leave California, or to be more exact
if I do leave I will have to return for the
final settlement, as I do not wish to do
this I will probably be a fixture here
for some months to come.

I has quite an offer to take up the
breast-up-work in the Technical Training
Office in San Francisco but was not
successful and as an alternative decided
to take a position here in Palo Alto in the
Veterans Hospital. Am glad now that
it turned out as it did as I like this
much better than breast-up-work which I
have found very satisfactory. In many ways
I am having the time of my life as for
the first time in many years I am free
from responsibility.

To return to the question of the photograph,
Miss Bee Ceen and I concluded that the
best plan will be to have the me in the
group of the "Twenty Immortals" copied
and enlarged. Of course the fifteen
years that have intervened have

changed me some shot and it
would be rather nice to have
the photograph as I looked
then - Don't you think so?

My copy is packed away in
Storage in Delaware and I
am wondering whether you
will be so good as to attend to
the matter for me. Miss De Leon
tells me that you have the
stamp in your office.

I will be so greatly obliged
if you will have my picture
copied any size that you
prefer and framed to

Correspond with yours and

let me know the cost and I will
send money order.
Am delighted to have this
done as I think it a very nice
idea. Please forgive me for being so

Very sincerely

Mrs. Higbee will be in Washington this week and the Navy Nurses are giving her a dinner Saturday evening. They would like very much to have you as a guest and urge that you attend if possible. It is not to be exciting or formal, but just a "get together" of as many of the old guard as are in this vicinity. We are having as other guests- Miss Hoyes, Miss Minnegerode and Miss Stimson.

I sincerely hope you will be able to attend. I would appreciate it if you would let me know at an early date.

My dear Miss Hassen:

This morning after receiving your letter, of June 31st, I went up to Navigation to find out first hand about your transportation. Commander Edwards, who by the way is a very understanding person, took the matter up personally, but much to our disappointment found that Secretary Wilbur is to return via the Henderson with his party, which will necessitate cutting out transportation for some officers.

I am very sorry as we would like so much to have this courtesy extended to you, but I am sure you understand the situation.

Hoping we may see you in Washington sometime,

Dear Miss Bowman;

As you will see by the above address I am no longer at Palo Alto. The estate which has kept me in California all these many months is at last settled and I am making plans to leave for the east sometime during July or August.

Miss De Leon and I have been trying to arrange matters so that

it will be possible for me to make
the trip in a naval transport.

It is my great ambition to see the
Canal, now that it is completed
as I spent nearly two years on
the Isthmus in pioneer days -
was in the hospital service with
Italian fleet at Leon and then
at Ancón.

Mrs De Leon has made the
necessary inquiries for me here
at head quarters and I have
just had a phone call from her.

at Palo Alto. The estate which has
kept me in California all these
many months is at last settled
and I am making plans to
leave for the east sometime during
July or August.

Mrs De Leon and I have been
trying to arrange matters so that

She tells me that the "Henderson" is due at San Diego from the Islands July 22nd. and sails for the East via the Canal July 27th. However nothing can be done in San Francisco in regard to desertion, which must be made either at San Diego or through the Bureau of Navigation in Washington.

The officer with whom Miss De Leon talked told her that San Diego was very uncertain and that one could not be sure of sailing until up to the last minute as orders from the Bureau take precedence over all local ones. He suggested my taking the matter up with Washington but I feel that without assistance I would have but small chance of success.

Do you think the matter could be arranged in time through the Legion General's Office? I will tell you that I have no claim whatever to have in a navy hospital - but think perhaps that my years of Government service (which includes the navy) may grant me the

Courtesy although I lack the
light.

Should you think it advisable
for me to write an official request
to the Bureau of Navigation will
you please send me a light letter
(charges to be paid here) and I
will at once attend to the matter.
I hesitantly ask you to take
all this trouble but Miss De Leon
leaves so soon that you will be
helping to help me if possible
and if it is not possible

I will give my regards
With kindest regards to all friends
in the office

Ever truly sincerely

Dear Dr Stokes:-

I am sending you
a memorandum showing
the sum paid each nurse
from the money derived from
sale of furniture used in the
house on Thirty-first street,
plus the amount saved from
the money paid for clothing
and subsistence.

The accompanying copy

of letter to me of the chief nurses
will explain just how the division
was accomplished.

The sum total would have been
larger by one hundred and fifty
dollars but for the fact that almost
without exception the nurses were
willing to allow the piano to remain
in the Nurses quarters at the Naval
Medical School Hospital.

Receipts have been received from all
nurses concerned save those in
the Philippines and the bank account
which was always kept separate
and distinct from my private account
has been closed.

The fact that nurses were not required
to contribute towards the maintenance
of the houses while on leave has been
taken into account in making division

My dear Miss Hasson:

The package containing your splendid picture arrived today. We are all delighted with it and will see that it is hung properly in a place of honor on our walls.

I have just returned from a most interesting inspection trip of the Naval Stations in the West Indies and wish you could have been with me to see what our nurses are doing down there. Not only have they proven their ability in professional lines, but they hold their own socially which gladdens the hearts of all who know what the early struggles have been.

Thanking you sincerely for your gift to the Corps,

Cordially,

Miss Esther V. Hasson,
U. S. Veterans Hospital,
Palo Alto, California.

J. Beatrice Bowman,
Superintendent,
Navy Nurse Corps.

As I am now in my first month
by any means, or truly in the
resting of age I am content as
long as the photograph looks
dignified and appropriate
and I hope you will be likewise.

I am leaving Palo Alto the
first of the month - As the Tommies'
war seas used to say I am "fed
up" with the Telman's Bureau
and long to get back to a more
defined atmosphere. I did intend
to remain in the service until

U.S. V.B. Hospital No. 24 -
Palo Alto, California -
March 11-1925.

Dear Miss Bowman:

Before this reaches you
the photograph will no doubt
have put in an appearance.
The nurses here think it a good
airness but say that it looks
older than I, and of course it
looks much older than I did
in the far away days when the
Army Nurse Corps was in process
of organization -

fall but as the business, which has kept me
in California, will be settled by April 9
I think I will just travel around a bit until
the last weather in the east is over and
then will come home to Washington for awhile.
I have written to Miss DeLean since her
return - what a wonderful trip she had -
I wish every one for home and then the
old bandolier comes to the surface
and I feel that I must take to the
open road with all the other hampers -
Prudel regards to Amy and all of the
old friends at the Blairs.

Very sincerely

Esther F. Weston.
